Solitario Announces Mt. Hamilton Reclamation Permits Approved

Denver, Colorado: Solitario Exploration & Royalty Corp. ("Solitario;" NYSE MKT: **XPL**; TSX: **SLR**) and Ely Gold & Minerals ("Ely Gold;" TSX.V: ELY) are pleased to announce that the Nevada Division of Environmental Protection ("NDEP") has recently approved two key Reclamation Permits for the Mt. Hamilton gold project in Nevada. The two permits address the mining and processing elements of the project and are the final reclamation related permits for the project.

Chris Herald, President and CEO of Solitario, stated, "The permitting process for the Mt. Hamilton gold project is nearly complete. The last major Federal/State permit outstanding is the Air Quality Permit that is expected to be approved towards the end of the first quarter of this year. We would like to acknowledge all the stakeholders that have participated in this process, especially the diligent work of the State and Federal agencies that have consistently maintained a disciplined approach in their evaluation of our proposed mining related activities."

Terms of the Mt. Hamilton LLC Joint Venture

Solitario and Ely Gold formed the Mt. Hamilton LLC ("MH-LLC"), a limited liability company which holds 100% of the Mt. Hamilton project assets under an Operating Agreement ("MH-Agreement"). Per the terms of the MH-Agreement, DHI-US, Ely Gold's wholly owned US subsidiary, has a 20% interest in the MH-LLC and Solitario has an 80% interest.

About Solitario

This press release includes certain "Forward-Looking Statements" within the meaning of section 21E of the United States Securities Exchange Act of 1934, as amended. All statements, other than statements of historical fact, included herein, including without limitation, statements regarding potential mineralization and reserves, exploration results and future plans and objectives of Solitario, are forward-looking statements that involve various risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Completion and approval of all federal, state and local permitting activities is not assured. Legal challenges could materially delay or change currently planned operations, which may have an adverse effect on the Company. Development of Solitario's properties are subject to the success of exploration, completion and implementation of an economically viable mining plan, obtaining the necessary permits and approvals from various regulatory authorities, compliance with operating parameters established by such authorities and political risks such as higher tax and royalty rates, foreign ownership controls and our ability to finance in countries that may become politically unstable. Important factors that could cause actual results to differ materially from Solitario's expectations are disclosed under the heading "Risk Factors" and elsewhere in Solitario's documents filed from time to time with Canadian Securities Commissions and the United States Securities and Exchange Commission.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
